Independence day: A Patriotic Day when everyone feels proud to be an Indian. This year India will be celebrating 75th Independence Day on 15th August by commemorating the sacrifices made by freedom fighters, citizens and political

leaders to liberate their motherland from the clutches of the britishers. Every year celebration of Independence day is honoured with a great fervor and enthusiasm. But, amidst the Novel Coronavirus spread, it is important to follow certain preventive measures such as maintaining social distancing, washing hands frequently, wearing face masks and avoiding large congregations etc.

our youth about the pride and courage about brave freedom fighters and colonial rule. It is the day when we forget all our cultural differences and unite as an Indian. The celebration of this day comes with a feeling of nationalism and patriotism across the

country.

The sheer depth of pride felt by every Indian as they look at their tricolored flag unfurled, is a sight to behold. As Sarojini Naidu once said, 'A country's greatness lies in its undying ideals of love and mothers of the race.' We the people can't forget the sacrifices made by our freedom fighters without whom our dream of independence would not have been possible including some prominent names like Bal Gangadhar Tilak, Bhagat Singh, Lala Lajpat Rai, Subash Chandra Bose, Sukhdev etc. Thus, our forefathers bought our freedom with their hardwork and sacrifice. Now we must work hard to create a better nation for generations to follow.

> On 15th August 1947, India got its freedom, ending an almost 200-year British rule in the subcontinent. It is a day of immense pride for all Indians as we commemorate the sacrifices made by millions of our freedom fighters, who had sacrificed their lives in the freedom struggle. 15th August always fills us with deep emotions of patriotism. It was on 24 January 1950 that the Constituent Assembly of India adopted 'Jana Gana Mana' as our national anthem. The story of how our national anthem was written and sung has interesting twists and turns. In a built up to India's independence, a Constituent Assembly was constituted in November 1946. Let's not forget our roots and our history which led to this significant dav.
