Paper Pattern Assignment

Class IV English

	Section A- Reading	
I.	<p>Read the following passage carefully and answer the questions that follow.</p> <p>Once upon a time, in a small village, there lived a kind girl named Anya. Anya loved animals and often helped her father on their farm. One sunny day, while walking near the river, she found a little puppy that was lost and shivering. Anya picked up the puppy and took it home. She named it Max.</p> <p>Anya took care of Max, feeding him and playing with him every day. Max became very happy and loved Anya very much. They played together in the fields, ran around the trees, and even went on adventures to explore the village. Everyone in the village loved Max too, and he became a part of Anya's family.</p> <p>One day, while playing in the garden, Max chased a butterfly and ran away. Anya searched everywhere for him, calling his name, "Max! Max!" Finally, she found him under a big tree, happily barking at the butterfly. Anya was relieved and hugged Max tightly. She learned that even when things seem scary, love and friendship always bring happiness.</p> <p>A. Choose the correct option.</p> <ol style="list-style-type: none">What did Anya find near the river? a. A little puppy b. a butterfly c. a dove d. a duckWhat did Anya name the puppy? a. Rex b. Max c. II.	<p>Read the passage carefully and answer the following questions.</p>	

<p>A.</p>	<p>Clean water is essential for life. Every living being on Earth, from tiny insects to large mammals, depends on water to survive. However, not everyone has access to clean and safe drinking water. In many parts of the world, people have to walk miles to reach a source of water, and often the water they collect is impure.</p> <p>Impure water can cause various diseases, including cholera, diarrhoea, and typhoid. This is why it's crucial to ensure that the water we drink is clean and free from harmful substances. Governments and organizations around the world are working to provide clean water to those in need. Simple steps like boiling water, using water filters, and conserving water can help improve the situation.</p> <p>It's not just about drinking water; clean water is also needed for cooking, cleaning, and farming. Without it, our daily lives would be severely impacted. Therefore, it's important to use water wisely and protect our water sources from pollution. Every drop counts in the effort to ensure that everyone has access to this precious resource.</p> <p>Choose the correct option.</p> <p>1. Who need water to survive?</p> <p>a. Animals b. Birds c. Human beings d. All of the above</p> <p>2. Name two diseases that can be caused by impure water.</p> <p>a. Diarrhoea, typhoid b. Diarrhoea, dengue c. Cholera, dengue d. Fever, heart attack</p> <p>3. Complete the sentence.</p> <p>We should protect our water resources from_____.</p> <p>a. birds b. pollution c. insects d. mammals</p> <p>4.
