H. CASE STUDY

Priya is a Class 3 student. Every morning, she wears her helmet while riding a bicycle. She waits for the green signal before crossing the road and walks on the footpath. At school, Priya does not run on the stairs and follows her teacher's instructions in the classroom. At home, she keeps sharp objects away and switches off electrical appliances after use. By following safety rules, Priya stays safe and healthy.

Answer the question

1. Why does Priya wear a helmet while riding a bicycle?
2. What should we do before crossing the road?
3. Where should children walk on the road?
4. Name one safety rule Priya follows at school.
5. How do safety rules help us?
