II.	Assertion – Reason Questions
1.	Assertion (A): We should know our complete home address. Reason (R): It helps us if we get lost and helps others send us letters. a) <b>Both A and R are true.</b> b) Both A and R are not true. c) A is true but R is false d) A is false but R is true
2.	Assertion (A): A map shows the whole neighborhood on a small paper. Reason (R): Maps are drawn to scale, so big places look small. a) <b>Both A and R are true.</b> b) Both A and R are not true. c) A is true but R is false d) A is false but R is true
III.	QUESTIONS AND ANSWERS
Q1.	How did people communicate before mobile phones were invented?
<b>Ans.</b>	<b>Before mobile phones were invented, people communicated in many different ways. They wrote letters and postcards, sent telegrams for urgent messages, and used landline telephones. People also met each other personally to share information. In villages and towns, messengers were sometimes used to deliver important news.</b>
Q2.	Why do you think technology, like mobile phones, makes sending money easier?
<b>Ans.</b>	<b>Technology like mobile phones makes sending money easier because people can transfer money quickly from anywhere without going to the bank. It saves time and</b>

	<b>effort, and money can be sent safely within minutes through mobile apps and online banking.</b>
<b>IV</b>	<b>LONG ANSWER QUESTIONS</b>
Q1.	If you had to keep your savings, where would you keep it and why?
Ans.	<b>If I had to keep my savings, I would keep them in a bank because it is a safe and secure place. A bank helps us save money for the future and keeps it protected from loss or theft. We can also withdraw money whenever we need it.</b>
Q2.	Sanjana is learning how to read maps and locate places around her school. Her teacher asked her to identify the four main directions and draw them correctly to help her understand how to find places easily.
Ans.	<p><b>The four main directions are:</b></p> <ul style="list-style-type: none"> <li>• <b>North</b></li> <li>• <b>South</b></li> <li>• <b>East</b></li> <li>• <b>West</b></li> </ul> <div style="text-align: center;">  </div>
<b>V</b>	<b>Application Based Questions</b>
Q2.	During a fire drill, your teacher said, “Everyone should know the fire station’s location.” Why is it important to know about emergency places in our neighborhood?
Ans.	<b>It is important to know about emergency places in our neighborhood because they help us during accidents or emergencies. Places like fire stations, hospitals, and police stations provide quick help and keep people safe. Knowing their location saves time and helps us get help quickly when needed.</b>
<b>VI</b>	<b>CASE STUDY</b>
	<p><b>Read the passage and answer the following questions:</b></p> <p>Rohit lives in Ludhiana. His house is near a big park. To the east of his house is a market with a post office and a bank. To the west is his school. To the north is a hospital, and to the south is a bus stop. Rohit’s mother sends him to buy milk from the shop near the park. One day, Rohit saw an old man who was lost. The old man only knew his house was “near the hospital”. Rohit helped him reach home safely.</p> <ol style="list-style-type: none"> <li>1. Name the direction of the market from Rohit’s house. <b>Ans. The market is to the east of Rohit’s house.</b></li> <li>2. Which public place should the lost old man look for to find his house? <b>Ans. The old man should look for the hospital.</b></li> <li>3. Name two helpers in the neighborhood mentioned in the story. <b>Ans. A post office worker and a bank worker.</b></li> <li>4. Why was Rohit able to help the old man? <b>Ans. Rohit was able to help the old man because he knew the directions and places in his neighbourhood.</b></li> </ol>
