Q5. Read the source & answer the following question:

Courts take decisions on a very large number of issues. They can decide that no teacher can beat a student, or about the sharing of river waters between states, or they can punish people for particular crimes. Broadly speaking, the work that the judiciary does can be divided into the following: **Dispute Resolution:** The judicial system provides a mechanism for resolving disputes between citizens, between citizens and the government, between two state governments and between the centre and state governments. **Judicial Review:** As the final interpreter of the Constitution, the judiciary also has the power to strike down particular laws passed by the Parliament if it believes that these are a violation of the basic structure of the Constitution. This is called judicial review.

a) What do you understand by Dispute Resolution ?

b) Judiciary also has the power to strike down particular laws passed by the Parliament if it believes that these are a violation of the basic structure of the Constitution. This Power is known as ?

c) Who has the power to strike down particular laws?
