DECEMBER PAPER PATTERN ASSIGNMENT(2024)

General Instructions:

1. The Assignment contains **THREE** sections-**READING, GRAMMAR & WRITING AND LITERATURE.**
2. Attempt questions based on specific instructions for each part.
3. Do not exceed the prescribed word limit while answering the questions.

SECTION A: READING SKILLS

1. Read the following passage carefully.

THE ROAD TO SUCCESS

1. The Road to Success is not straight; there is a curve called failure, a loop called confusion, speed bumps called friends, caution - lights called family, and you will have flats called jobs. But, if you have a spark called determination, an engine called perseverance, insurance called faith and a driver called God, you will eventually make it to a place called success!
2. In spite of all our planning and preparation, unexpected challenges are certain to arise. The bumps in the road will be unavoidable, but you'll never get to your destination if you aren't willing to drive over them. The difference between a disaster and triumph lies in whether or not you're prepared and willing to weather the storm. If you're ready, those bumps will become the stepping-stones.
3. The key thing to realise is that working harder is the same as working smarter. How do you work smarter? You just need to have the right skills, People want improved circumstances and better life without an improved self. They want victory without paying the price or making efforts. It really cannot happen without the other. Any improvements that have not been generated by improving yourself are superficial and short-lived. If you want to have a better future, you have to change yourself. Stop worrying about the various challenges that will come your way. Just believe in yourself and use them as stepping-stones.
4. "Success" is getting whatever you want out of life without violating the rights of others. It is not an accident. Success is the result of our attitude and our attitude is a choice. Hence success is a matter of choice and not chance.
5. Today success represents a holistic and positive attitude to life. Attitude is everything. Success is not restricted within some kind of brick and mortar premises. It assumes the individuality of a complete act executed with perfection; material achievements do not define life. We don't remember sports stars for the products they endorse but the spirit of achievement that they represent. In the abundance of positive attitude, lie the grandeur of a truly rewarding rich life.
6. Success can be measured from two standpoints-the external and the internal. Externally it is the measure of a job well done and the recognition. Internally it is the feeling of achievement and wholeness derived from the completion of a task or fulfillment of desire.

On the basis of your understanding of the above passage, answer the questions that follow:
