Once there lived a carpenter named Kasi. He had a five years old son. His name was Vasu. Kasi's father Ramu was too old, and he also stayed with them. Kasi began to think that his father was of no use to him because he was too old to do any work. Kasi always spoke angrily to his father. One day, Kasi gave food in a mud plate to his father. Being too old, Ramu was not able to hold the mud plate. He dropped it down and broke it. Kasi became very angry and scolded his father. Vasu observed this. The next day, Kasi gave a new mud plate. He went out to work. When he came back, he saw the new mud plate also broken into pieces. He scolded his father badly and warned him, "Old man, if you break the next plate also, there will be no food for you".

Vasu was listening to his father's words. The next day, in the evening, when he came back home, he saw his son doing some work with his carpentry tools. He was surprised to see this and happily went near him; Kasi asked Vasu, "What are you doing, my son?" Vasu replied, "Dad, I am making a plate of wood for you.
