WEBSITE ASSIGNMENT

Section A (MCQs)
1. A student says that countries near oceans usually have a moderate climate. Which statement best supports the student's observation?
a) Oceans increase desert formation
b) Water heats and cools slowly, affecting nearby temperatures
c) Oceans block sunlight from reaching Earth
d) Ocean water is always warm
2. A community started cleanliness drives, tree plantation campaigns, and water-saving activities together. Which value is mainly reflected in this action?
a) Competition
b) Isolation
c) Collective responsibility
d) Individual achievement
3. Assertion (A): Oceans affect the climate of nearby areas. Reason (R): Water heats and cools slowly.
a) Both A and R are true and R explains A b) Both A and R are true but R does not explain A c) A is true but R is false d) A is false but R is true
4. Assertion (A): Cooperation strengthens a community. Reason (R): People help each other in times of need.
a) Both A and R are true and R explains A b) Both A and R are true but R does not explain A c) A is true but R is false d) A is false but R is true
Section B – Very Short Answer
5. State two major roles of oceans in human life and the environment.
6. Mention any two responsibilities of family members.

Section C – Short Answer

7. Differentiate between continents and oceans.

8. Explain why cooperation is important in a community.

Section D – Long Answer

9. Explain the importance of oceans in human life.

Section E – Case Study

10. Read the passage carefully and answer the questions:

A coastal village depends mainly on fishing. During storms, fishermen cannot go to sea, so the whole community helps affected families by sharing food and resources.

1. Which occupation is mentioned in the passage?

2. Storms are dangerous for fishermen. Justify.

3. Which value is shown by the community?

4. Mention one way in which oceans help people.

Section F – Map Work

11. Identify the continent on the world map based on the statement:

“It is the largest continent where India is located”

12. Identify the ocean on the world map based on the statement:

“This ocean lies to the South of India.”
