Hello
Summer

SUMMER SPLASH

This project is a fun way to keep your child engaged with various activities during the summer holidays. It combines water play with practical skills, making learning enjoyable!

Note:

All the students are requested to grow a sapling and nurture it. That would be a small contribution from your side to the nature.

Submit your holiday homework to the Class Incharge after holidays.

Hello Summer

General Instructions:

***To inculcate the love towards nature, water the plants daily.**
***Play outdoor games. Make friends.**
***Keep a bowl of water in your balcony/terrace to quench the thirst of birds.**

***All work is to be done on A4 size sheets.**

***Compile the Holiday Homework in a beautifully decorated file.**

Dear children

Spread awareness as much as you can in your surroundings and try to stop exploitation of scarce natural resources. Let us come together and conserve water for the future generation.

****Use rainwater harvesting techniques**

****Replace faucets and sinks with water sense equipment.**

By using your creativity and imagination, Spread awareness to conserve water for future generation.

****Drip irrigation for farmers.**

**** One drip every second adds up to 5 gallons per day.**

Hey, Water Warriors! Are you ready to dive into a mission that will make waves in the fight for water conservation? We're calling all creative minds to join us in making a splash with our 'Ripple Effect' project!

Create an eye-catching and informative foldable project on water conservation. This project should inspire others to take action and make a positive impact on our precious water resources.

*Hello
Summer*

**Ripple Effect:
Make a Splash
with Water
Conservation**

Reference link:

**“Water
water
everywhere
not a drop,
single drop
to drink.”**

***Hello
Summer***

**Elaborate this
sentence in your
own words and
write a paragraph
on the same.**

**Write 10 idioms
on water along
with the
meanings. Make
sentences of
your own using
them.**

Draw a scene of your kitchen and bathroom showing the usage of water in our daily routine. eg using water for cooking food or washing utensils, etc.

Hello Summer

**EVERY
DROP
COUNTS**

Highlight the maximum usage of water and suggest some measures to reduce the consumption of water.

Mention the capacity of water used in these domestic tasks in form of a table using the measuring unit litres and arrange them in ascending order.

*Hello
Summer*

Research about the rivers flowing through Punjab and its partner state Odisha.

Collect the following information and describe on a thick A4 sheet:

- # Longest and shortest river**
- # Their tributaries**
- # Dams built on these rivers.**

*Hello
Summer*
