| IV                 | <p><b>Case Study-</b></p> <p>Every year on 2<sup>nd</sup> October children in Meera's school celebrate Gandhi Jayanti. Her teacher told the class that Mahatma Gandhi was a great leader who believed in truth and non violence. The children cleaned their class and planted a tree to keep the environment clean- just like Gandhi Ji wanted others to do.</p> <p>Answer the following questions-</p>                                                      |                    |                     |                  |     |                |      |              |        |  |           |
| Q1                 | Why do we celebrate Gandhi Jayanti on 2 <sup>nd</sup> October?                                                                                                                                                                                                                                                                                                                                                                                               |                    |                     |                  |     |                |      |              |        |  |           |

|     |                                                                          |
|-----|--------------------------------------------------------------------------|
| Ans | <b>Because it is birthday of Mahatma Gandhi.</b>                         |
| Q2  | <b>What good habits did Gandhi ji teach us?</b>                          |
| Ans | <b>Truth and non-violence</b>                                            |
| Q3  | <b>How did Meera and her friends celebrate Gandhi Jayanti at school?</b> |
| Ans | <b>By cleaning class and planting a a tree.</b>                          |
