

**BCM SCHOOL BASANT AVENUE DUGRI**

**Class IV**

**Science**

**I. Multiple Choice Questions:-**

1. (c) matter
2. (c) materials
3. (b) liquid
4. (b) faster
5. (c) ice

**II. Fill in the blanks:-**

1. sedimentation
2. day
3. humidity

**III. Answer the following questions:-**

**Q1 Why is air a matter ?**

**Ans1 Air is a matter because it occupies space and has mass.**

**Ans:-Solids:-1.They have definite shape and volume.**

**2.Their molecules are closely packed.**

**Liquids:-**

**1.They have definite volume but no shape.**

**2. Their molecules are loosely packed.**

**Gases:-**

**1.They have no definite volume and shape.**

**2. Their molecules are very loosely packed.**

**IV Label the following diagram:-**
